

K-PAK®

Applications

The K-PAK® System is designed to enable Killark distributors to feature fast-moving products in counter display areas.

Killark's best selling standard location products have been repackaged into smaller shelf packs for effective product family presentation.

The uniformly sized (width and height are consistent) cartons allow items to be merchandised on Killark's K-Pak display unit.

Features/Benefits

- Cartons are suitable for counter merchandising display and/or warehouse storage.
- Open-top bin box displays products for easy customer self-service.
- All cartons are bar coded for easy electronic identification.
- Conduit bodies are packaged with appropriate covers and gaskets.

K-PAK Carton Dimensions

Full depth cartons:

6"W x 81/2"H x 15"D

Half depth cartons:

6"W x 81/2"H x 71/2"D

Display face (width & height) same for all cartons.

K-PAK Display Dimensions

48"W x 54"H x 18"D

Standard Location Fittings for Rigid and IMC Conduit now available in K-PAK packaging. See page F3 for ordering information.
